## Signing Forms

- There will be several forms to sign. Review the document and scroll down to the bottom of the page where you will check that you've read and agreed to the documentation. Using your mouse or track pad, sign your name and click Next to proceed. The form will refresh to show your signature in the form. You will click Next to move forward.

The image shows a form titled "Text Message Notifications". Below the title is a label "Receive Text Notification:". To the right of the label are two radio buttons: "Yes" and "No". The "Yes" radio button is selected, and a red rectangular box highlights both the "Yes" and "No" options.

## Order Review

- You will confirm your order on the Order Review page. Please double check your package selections as once you enter your payment information your order is not eligible for a refund. Please confirm your order before proceeding.

Return to your home page, where you will see a video that shows you how to upload documents. Watch this video

Once you've watched the video, you will be able to see a list of all your requirements. Click on "Enter Requirements" on the right side and indicate which required items you are submitting.

- You will see what steps are required to become compliant for each category as soon as you click "Enter Requirements"

Choose your pathway to compliance in the dropdown

- Once you choose your option, Complio will ask you for additional information. Please enter all applicable details. Don't forget to click Submit!

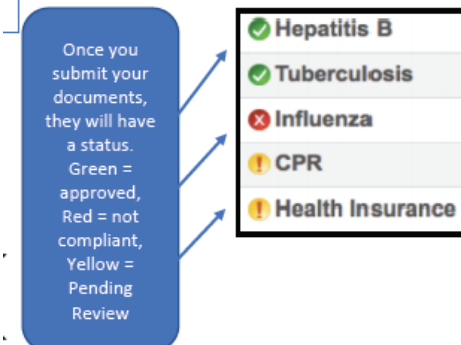

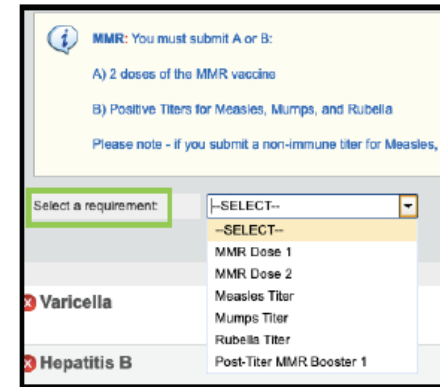

You may need to submit multiple items for a single compliance category

- Once you've uploaded a document once, it can be associated to as many items as you need. Just click the "Document" drop down once you select your requirement. In this screenshot, the student is associating their document "MMR Titers 2" to each titer individually (Measles, Mumps, and Rubella). Label your documents with the contents. It will save you a great deal of time.

American DataBank (ADB) will review your documents within 1-3 business days once they are submitted

- ADB reviewed your documents to ensure they meet your school's standards. They are following the direction of the school and do not make the standards themselves.
- You will be notified via email and text (if you opted in) as to the status of the document you submitted.
- If your document did not meet the standards, it is considered not approved and you will need to determine the next steps. If your document does meet the standards, it will be approved.

If you have any questions about what information your documents need to have in order to be approved, please click on Requirement Explanation at the top of your screen.
