

BACTERIAL MENINGITIS VACCINATION REQUIREMENT

TEXAS A&M UNIVERSITY

Irma Lerma Rangel
College of Pharmacy

Dear Physician:

The 82nd Texas Legislature approved Senate Bill 1107, requiring all new students under the age of 22 to submit evidence of immunization against bacterial meningitis.

Proof that immunization against bacterial meningitis was administered within five years immediately preceding — and at least 10 days prior to — the first semester enrolled or re-enrolled date must be submitted to the Texas A&M Rangel College of Pharmacy Office of Student Affairs.
